### Our Meeting Place

The Trinity Methodist Pastor, after speaking to our club before Thanksgiving, heard us discussing where we could meet and he offered his church as our meeting place. After meeting at Trinity on both December 12 and 19, our club voted unanimously to use Trinity Church as our regular meeting place.

### Pancake Totals

Next month, the total Pancake Day sales and expenses will be provided.

### The A E D Defibrillator Project

Several years ago, our club started a project to place a defibrillator in each high school and junior high school in the parish. Bobby Price headed up the project. As of this past year, we now have reached our goal of one per school. We funded it with the help of the Community Bank.

### A Big Step for Pancake Day!

Kiwanian Kip Franklin was approached about heading up the Pancake Day Committee that handles ticket sales to businesses, as Ed Shell had asked to be relieved. Kip agreed to take on the job for next year. That is where we get a large percentage of our ticket sales. Thanks, Kip.

### Kiwanis Art Festival

Our Kiwanis Youth Festival is coming up this February. We had a big spot to fill when Kiwanian Bill Willoughby left last year to take a position at Kent State University. Luckily, we have talked to Jessica Slaughter, director of NCLAC, and she has agreed to help us with the hanging of the art objects and maybe securing the judges. Tracy Calloway gave us the lead-in contact with her. Thanks, Tracy.
